Gala

**Celebrating Our 20 Year Success Story
and Envisioning the Next Chapters**

We are delighted that you are here to celebrate with us! Can you believe it has been 20 years already? Once Upon a Time, this organization existed only as a thought in the mind of some insightful, driven and caring individuals. In 1998, these volunteer doctors, nurses and lay people began providing free health care to those in the community who needed it most. From the Falmouth Free Clinic to Community Health Center of Cape Cod, we've come a long way over these two decades.

We've written many chapters, and are so grateful to all of the individuals and organizations who have gotten us to where we are today. Our donors, staff, patients, volunteers, Board Members, founders and friends are the fabric of this Health Center, and have helped us grow to one of the largest and most respected non-profit organizations on the Cape. For that, we thank you and we so appreciate you being here to celebrate with us tonight.

The story continues. Even though we are thrilled to celebrate such an amazing milestone, we have no intent on slowing down or letting up. We will continue to expand services and locations, while taking a careful and strategic look at how to best care for our community. All of our efforts are aimed at best serving our patients, and your generous participation in a night like tonight makes that possible!

Please enjoy your evening, and know how much we appreciate your support. Enjoy the food, the music, the view, the venue and the company. We thank you again for helping us provide the gift of good health to more than 15,000 individuals in our community.
