

Living on Cape Cod The Good Life!

Why work at Community Health Center?

At Community Health Center, you will have the opportunity to enjoy living in a beautiful destination spot, where people don't just live to work, they work to live. Here are just a few of the things we cherish about Cape Cod; whether we live here, or commute:

- Cape Cod is comprised of 15 towns, and each one is unique, but **all are near the beach!** One of the more famous stretches, the [Cape Cod National Seashore](#), spans from Eastham to Provincetown and offers 68 square miles of beaches, dunes and forests.
- We **embrace diversity, equity, inclusiveness and belonging**, including welcoming immigrants from all over the world, members of the Wampanoag tribe, and a large Cape Verdean and Portuguese population.
- Cape Cod is **home to many artists** and has a variety of cultural options: theaters, museums, live music, the symphony and art galleries! The number of residents and visitors triples in the summer season, but we get to enjoy the Cape year-round. We never have to go home! The shoulder seasons here are particularly quiet and beautiful! But do not fret: **Cape Cod is a vibrant, year-round community** with many restaurants, cultural activities and friends to keep you busy. Learn more from the [Cape Cod Chamber of Commerce](#).
- **If you're an avid boater, fisherman, or just love the beach, you're in the right place!** But we also have hiking trails, bicycle paths, tennis, kayaking, windsurfing, bowling, hunting, ice hockey, softball – you name it. For baseball fans, the summer boasts the [Cape Cod Baseball League](#), featuring the elite and best college players (and future MLB players) in the country.
- **Our schools** – public and private – are some of the best in the region with high acceptance rates to elite universities and colleges. We also have higher education opportunities through [Cape Cod Community College](#) and [Bridgewater State University](#), among others.
- **We are accessible to other major cities and towns!** Boston and Providence airports are approximately 90 minutes by car or bus. There also are ferries and flights to the islands of Martha's Vineyard and Nantucket. Cape Cod is a four-hour drive to Manhattan and five hours to ski slopes in New Hampshire and Maine!

If you have any questions, please contact Chief Human Resources Officer Joanne Mazar at (508) 477-7090 ext. 1141 or jmazar@chcofcapecod.org. Thank you!
