- Chris Ellis
- Madeline Kavanagh
- Tom Sensale

Dear Friends,

Over the past 25 years and counting, Community Health Center's Annual Golf Tournament has been an event to remember, and we're thrilled to invite you to be part of the *Best Monday of the Year*, on September 14 at Pocasset Golf Club!

Outstanding support of this Tournament from our generous community has enabled us to raise more than \$1.5 million to support CHC's mission, and we are happy to invite you back to join us for the 2026 event. The work of CHC is vital to shaping the health of our community through the provision of patient-centered, high quality, compassionate health care to all, regardless of ability to pay. Having generous supporters like you will help make achieving our mission and vision possible!

This year, the Tournament will raise critical funds to support CHC in expanding access to care through a new Sandwich office. In addition to providing increased access to care for current patients, the new state-of-the-art facility will address instances of high chronic disease and substance use disorders. This location will serve as the "complete medical home" for up to 5,000 patients. CHC will also offer outreach, enrollment and enabling services, with a special focus on underserved populations including Veterans, older adults and those under 100% of the poverty level.

Over the past few years, the CHC Golf Tournament has been a sold-out success, and we expect this year to be no different. Our volunteer committee has been hard at work to make September 14 a day to remember. We invite you to join us at Pocasset for a great time, supporting a transformational expansion for CHC. Please be sure to register soon to secure your spot - by completing the enclosed sponsorship form, by scanning the QR code or by visiting CHCofCapeCod.org/golf.

Thank you for your time and consideration of support for CHC. We look forward to seeing you on September 14!

Sincerely,

Karen L. Gardner
Chief Executive Officer

Christopher C. Ellis
Director of Advancement
